

ACAÍ motion

WHO ARE WE?

The Açaí Motion® Group was created in 2019 to expand its activities and reach the entire world in the coming years. With a corporate structure in Brazil, the USA, the United Arab Emirates and Japan, it manages to meet all demands directly and without intermediaries. Being the creator and owner of the product and brand, with exclusivity, it creates several items to boost Açaí Motion®, seeking, by use of technological developments, creativity and innovation, to develop a unique experience in the life of each consumer. Present in more than 20 countries, it is prepared to meet all global demands.

OUR PRODUCT

Exported from Brazil to dozens of countries, growing exponentially due to its acceptance, it should reach the whole world in the next 3 years, including being able to be bottled in any country, with the Brazilian preparation base.

Ready-to-drink liquid compound, açai flavor – NCM 2202.99.00

Natural Energy, provided by the properties of açai and guaraná.

Without taurine and only 3mg/269mL of natural caffeine from guarana, little sugar (31kcal/100mL), maintaining a pleasant sweetness. Balance in B vitamins, without excess, with natural and artificial colorings, using black carrot concentrate to obtain a unique and radiant color.

Its unique and exclusive formula provides natural energy due to the properties of its composition. Healthy energy! No taurine and no synthetic caffeine. Made with açai and guarana natural extracts. Balanced in B vitamins.

Unique composition: with black carrot concentrate and free of red and blue dyes. Regular version (with only 31kcal/100mL) and zero-sugar (0% sugar). Slightly carbonated, it was designed for consumption by the whole family. Exported from Brazil ready to drink or to be bottled in the partner country, with export of the preparation base 100% from Brazil. Equipped with BYGS - Global geolocation system with QR code on all cans produced (APP BYGS Android and iOS), which locates the point of sale and interest worldwide. First product with this global system.

OUR PRODUCT LINE
